

Oh Hi.

Looks Like you clicked on my resume link. Either it was a mistake or you're wondering how someone who graduated in 2012 still has 6 student projects on his site.

Well the answer to your hypothetical confusion is I got a job and haven't updated the site since.

Not a satisfying answer? Sorry its the only one I got.

...

Should probably update this sometime soon.

...

Eh... Whatever...

For now if you want to reach me, shoot me a line at bradensamuel@gmail.com

Peace
